and management

## Call for papers

ICEE 2015

# 19<sup>th</sup> International Conference on Engineering Education

*„New technologies and innovation  
in education for global business“*

Under the auspices of  
the Ministry of Science,  
Education and Sports

Ministry of  
Science,  
Education  
and Sports

## ABOUT THE CONFERENCE

The higher education institution in Croatia in the usage of e-learning as well as a proud holder of the Association of Advance Collegiate Schools of Business (AACSB) accreditation, Zagreb school of economics and management (ZSEM) is pleased to host and organize ICEE 2015 supported by iNEER.

Croatia has a long tradition of producing engineering excellence within the institutions with a distinguished reputation of its outstanding scientists. ZSEM, as well, has hosted many international conferences with huge social and scientific impact. This particular one will continue the iNEER tradition of quality, highlighting the developments in engineering education as well as focusing on innovation, globalization and networking.

The conference aims to be the ideal platform for making international connections for future collaborations in various academics field. Also, it will allow the exchange of the best engineering practices that concern emerging areas related to entrepreneurship, management and education.

We invite everyone in engineering education, information communication technology and allied fields to submit papers in line with the conference themes. Peer reviewed (triple blind) papers will be published in the proceedings with an appropriate ISBN number distributed electronically. A certain rate of papers will be selected as best papers and in the extended version will be recommended for publishing in an international journal.

## TOPICS

- Accreditation and Quality Assurance
- Assessment of Learning
- Best Practices in Engineering Education and Research
- Changes and Challenges in Engineering Education
- Curriculum Design
- Distance Learning and Distance Teaching
- Economic Aspects of Engineering Education
- E-learning
- Engineering Education in the Information Age
- Entrepreneurship and Innovation
- Game-based Learning
- Globalization in Engineering Education
- Information Systems
- Information Society
- International Cooperation
- Lifelong Learning
- Mathematics in Engineering Education
- Mobile Learning
- Multimedia-based Education
- Modeling, Simulations and Optimization
- New Teaching Methods
- Professionals Skills
- Resources and Funds
- Others

## WHO SHOULD ATTEND?

This conference will be of interest to academics from all engineering disciplines as well as representatives from the industry with responsibility for the recruitment and development of young engineers.

## IMPORTANT DATES

Submission of abstracts	31st JAN 2015
Notification of abstract acceptance	20th FEB 2015
Submission of papers	1st APR 2015
Notification of acceptance	1st MAY 2015
Final paper submission	20th MAY 2015

## ABOUT ZAGREB

Zagreb is the capital and the largest city of the Republic of Croatia. It is located in the northwest of the country, along the Sava river, at the southern slopes of the Medvednica mountain.

The history of Zagreb dates as far back as 1094 A.D when the Hungarian King Ladislaus, returning from his campaign against Croatia, founded a diocese. Alongside the bishop's see, the canonical settlement Kaptol developed north of Zagreb Cathedral, as did the fortified settlement Gradec on the neighbouring hill; the border between the two being the Medveščak stream. Today the latter is Zagreb's Upper Town (Gornji Grad) and is one of the best preserved urban nuclei in Croatia.

Zagreb's numerous museums reflect the history, art and culture not only of Zagreb and Croatia, but also of Europe and the world. Around thirty collections in museums and galleries comprise more than 3.6 million various exhibits, excluding church and private collections.

## TRIP TO ZADAR - A HISTORICAL CENTER OF DALMATIA

A trip to Zadar is planned on the July 24th, 2015 with organized transportation.

Situated in the heart of the Adriatic, Zadar is the urban center of northern Dalmatia as the administrative, economic, cultural and political center of the region.

The district of present day Zadar has been populated since prehistoric times. The earliest evidence of human life comes from the Late Stone Age. Zadar citizens started to work for the full independence of Zadar and from the 1030s the city was just formally a vassal of the Byzantine Empire. In the early 1990s Zadar became a part of the new Republic of Croatia.

The Greeting to the Sun is located in the port of Zadar, next to the Sea Organ. This is the place overlooking the city harbor, islands and the famous Zadar sunset. The Greeting to the Sun uses solar power to create a light show that displays at night. After sunset the lighting elements installed in the circuit are activated and, following a particularly programmed scenario, they produce very impressive show of light.

## CONFERENCE CHAIR

Đuro Njavro, dean, ZSEM

## LOCAL ORGANIZING COMMITTEE

Karmela Aleksić-Maslač

Zoran Barac

Ivan Jedvaj

Maja Martinović

Lana Mažuranić

Đuro Njavro

Marija Perić

Jagoda Poropat Darrer

## KEY MEMBER OF INTERNATIONAL STEERING COMMITTEE

Siniša Krajnović, Vice President and Head of Development Unit Radio at Ericsson

## KEY MEMBER OF LOCAL ORGANIZING COMMITTEE

Karmela Aleksić-Maslač, Associate dean, Head of the ICT department, ZSEM

## CONTACT US

For further information on the conference please contact:
